

# CONTROL COMPONENTS

## Level Sensing...

FULL RANGE OF FLOW, PRESSURE & ENVIRONMENTAL SENSORS

WEKA MAGNETIC VISUAL LEVEL INDICATORS MANUFACTURED LOCALLY (316SS & +GF+ PLASTICS)

LOCAL SUPPORT & STOCK FOR QUICK DELIVERY

## Flow Sensing...

...we've got your Control Components

**Cerlic**  
ELETTA GROUP  
WASTEWATER SYSTEMS

# IF YOU CAN'T MEASURE IT, YOU CAN'T CONTROL IT

CERLIC SLUDGE BLANKET PROFILE SENSORS

## See the sludge level...

### PROVEN NEAR INFRARED (NIR) TECHNOLOGY

- Directly measures particle concentration (mg/L, ppm or % TSS)
- Not an indirect, compensated echo (ultrasonic) or reflectivity (turbidity)

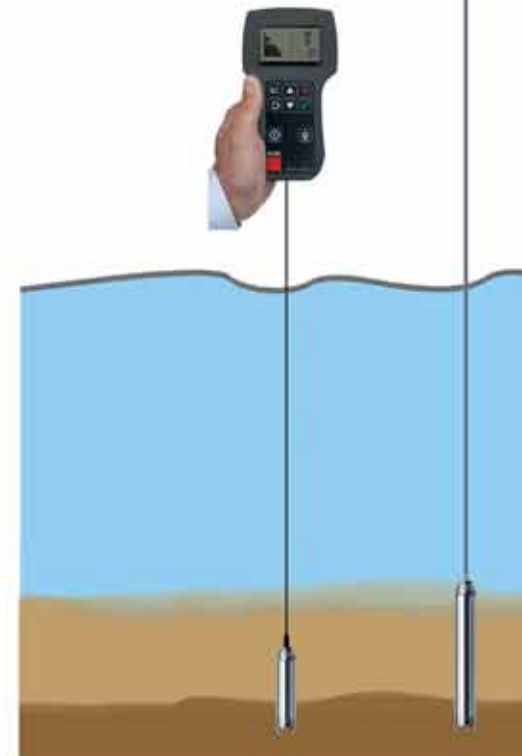

### FULLY AUTOMATIC (MOTORISED) CBX

- Sludge & Fluff (unsettled TSS) levels
- Real-time TSS concentration vs depth for full sludge profile
- Continuous 4-20mA or Profibus DP (including temperature)
- Self-cleaning of cable & sensor

### HANDHELD UNIT

- Plug 'n play Sludge Blanket Profile, DO & TSS
- Backlit LCD display & datalogging (with PC link)

...rather than trying to hear it!

### KARI FLOAT SWITCHES

Reliable pump/valve control with level alarms from a single float for tangle free operation.

### WEKA MAGNETIC VISUAL LEVEL INDICATORS

- Locally made
- +GF+ PVC & PVDF
- 316SS
- Scales & level alarms.
